QUAID'S MESSAGE

You know that the importance of education and the right type of education cannot be overemphasized. Under foreign rule for over a century, in the very nature of things, I regret, sufficient attention has not been paid to the education of our people, and if we are to make any real, speedy and substantial progress, we must earnestly tackle this question and bring our educational policy and program on the lines suited to the genius of our people, consonant with our history and culture, and having regard to the modern conditions and vast developments that have taken place all over the world. There is no doubt that the future of our State will and must greatly depend upon the type of education and the way in which we bring up our children as the future servants of Pakistan. Education does not merely mean academic education, and even that appears to be of a very poor type. What we have to do is to mobilize our people and build up the character of our future generations. There is immediate and urgent need for training our people in the scientific and technical education in order to build up future economic life, and we should see that our people undertake scientific commerce, trade and particularly, well planned industries. But do not forget that we have to compete with the world, which is moving very fast in this direction. In short, we have to build up the character of our future generations which means highest sense of honor, integrity, selfless service to the nation, and sense of responsibility, and we have to see that they are fully qualified or equipped to play their part in the various branches of economic life in a manner which will do honor to Pakistan.

Quaid-e-Azam Muhammad Ali Jinnah's message at the First National Education Conference, Karachi, 27 Nov-1 Dec 1947

پیغامِ اقبال

کھول آنکھ، زمیں دیکھ، فلک دیکھ، فضا دیکھ! مشرق سے اُبھرتے ہوئے سورج کو ذرا دیکھ
اس جلوہ بے پردہ کو پردوں میں چھپا دیکھ ایامِ جدائی کے ستم دیکھ، جفا دیکھ!
بے تاب نہ ہو، معرکہ بیم ورجا دیکھ!

ہیں تیرے تصرف میں یہ بادل گھٹائیں یہ گنبدِ افلاک، یہ خاموش فضا ہیں
یہ کوہ، یہ صحرا، یہ سمندر، یہ ہوائیں تھیں پیشِ نظر کل تو فرشتوں کی ادائیں

آئینہ ایام میں آج اپنی ادا دیکھ!

سمجھے گا زمانہ تری آنکھوں کے اشارے! دیکھیں گے تجھے دور سے گردوں کے ستارے!
ناپید ترے بحرِ تخیل کے کنارے پہنچیں گے فلک تک تری آہوں کے شرارے
تعمیرِ خودی کر، اثرِ آہِ رسا دیکھ!

The Message from the Founder UON, Prof. Ahsan Iqbal Ch.

My dream for establishing University of Narowal is to see it stand as a beacon of knowledge, inspired by the glorious intellectual tradition of Al-Andalus—the golden era of Muslim Spain, where scholars, scientists, and philosophers reshaped the world through research, innovation, and thought leadership. Just as Cordoba, Seville, and Granada once illuminated civilization with their pursuit of knowledge, I envision this university as a modern center of excellence, carrying forward the same legacy of inquiry and discovery. My vision is to see the University of Narowal evolve into a hub of critical thinking, bold innovation, and enlightened leadership. Knowledge is the true driver of progress, and I look forward that it will foster an environment where research, creativity, and scholarship shall thrive, inspiring excellence in every field.

I aspire for this university to emerge as a world-class institution, excelling in science, technology, social sciences, and humanities—not merely imparting education, but igniting a spirit of inquiry, debate, and intellectual exploration. By reconnecting with our rich heritage while embracing the challenges of the future, it will empower our youth to become pioneers and changemakers, shaping Pakistan's progress and global advancement. The University of Narowal is not just an institution—it is envisioned as the birthplace of a knowledge renaissance, inspired by the past and driven by the future”.

Prof. Ahsan Iqbal Ch. Federal Minister for Planning, Development & Special Initiatives

The Message from the Vice Chancellor

"University of Narowal is committed to fostering a dynamic learning environment enriched by academic excellence, innovative research opportunities, professional development programs, community engagement initiatives, and diverse extracurricular activities. We strive to equip our students with the knowledge, skills, creativity, and confidence required to excel in an increasingly competitive and interconnected world. As Vice Chancellor, I firmly believe that every student has the capacity to become a catalyst for positive change. Beyond academic success, we encourage the cultivation of values such as integrity, leadership, social responsibility, and resilience. The university experience is not merely about earning a degree; it is about discovering students' strengths, broadening their perspectives, and preparing them to meet the challenges of the future with confidence. Whether their aspirations lie in research, entrepreneurship, public service, media, technology, or any other field, our institution is dedicated to supporting their journey through mentorship, modern facilities, collaborative learning, and countless opportunities for personal and professional growth. I urge each of these students to remain curious, think critically, and strive for excellence in all endeavors."

*Prof. Dr. Muhammad Zia-ul-Haq (TI),
Vice Chancellor, University of Narowal, Narowal*

UNIVERSITY INTRODUCTION

The University of Narowal is located in the city of Narowal, which is one hour away from Lahore and Sialkot. It is a premier public-sector institution located in the historic city of Narowal, Punjab, and is emerging as a modern centre of quality in conduct, knowledge, and skills. It was established as an independent public-sector university in March 2018, following the upgradation of the Sub-Campus of the University of Gujrat (UOG), Narowal, vide the University of Narowal Act 2018 (X of 2018) passed by the Punjab Assembly and assented to by the Governor of Punjab. This milestone marked the beginning of a new era in higher education in the region, aimed at expanding access to quality education, promoting research, and fostering innovation. This university believes in equal access to education and is open to all persons irrespective of gender, religion, race, creed, class or color, and no person is denied the privileges of the university on any such ground. The state-of-the-art infrastructure of the University of Narowal is inspired by the refined spirit of Al-Andalus. It reflects the vision of Prof. Ahsan Iqbal, Founder of the University and Federal Minister for Planning, Development and Special Initiatives. The University of Narowal displays a harmonious blend of knowledge, culture, and faith. Like the great centres of learning in Andalusia. The university stands as a place where education is not merely the pursuit of degrees but a cultivation of wisdom, ethics, and intellectual elegance. Its academic environment encourages critical thought, respect for diversity, and a deep appreciation of Islamic values, confirming the legacy of scholars who once transformed Al-Andalus into a beacon of learning, tolerance, and cultural brilliance. Its campuses are expanding the main campus, particularly at Shakargarh Road, day by day, with sprawling, purpose-built modern facilities such as new classrooms, the latest technological labs, hostels, a mosque, an incubation centre, a commercial centre, and a cafeteria.

In the Fall 2026 semester, the university is offering 23 BS, 11 M. Phil, and 7 PhD programs. At present, the university has a student strength of more than 7,000. Most of the faculty comprises highly experienced PhD scholars, many of whom earned their degrees from prestigious national and international universities. UON places strong emphasis on academic excellence, research productivity, and continuous professional development. Under the dynamic leadership of the Worthy Vice Chancellor, Prof. Dr Muhammad Zia Ul Haq (TI), the University is focused on expanding its faculties and departments and introducing the latest and emerging degree programs that follow international standards. The university is also working to improve academic and research standards, enhance its industry-academia linkages, and make the university world-class. The University is also administering the National Sports City, which offers international support services for dozens of indoor and outdoor sports, facilitating access for students and the local community, and providing opportunities for healthy sports participation.

Strategic Vision of UON

A center of knowledge that conducts world-class teaching and research in the fields of Social sciences, Applied Sciences, Skilled based Technologies, Humanities, Languages and Literature, Law, Sports Sciences, Religious studies and other contemporary knowledge to meet the requirements of Mega technologies and revival of Al-Andalusian Tradition of Knowledge: Institutionalize interdisciplinary learning, inquiry, and scholarship to inculcate a culture of intellectual renaissance envisioned by the university's founder Professor Ahsan Iqbal.

Mission

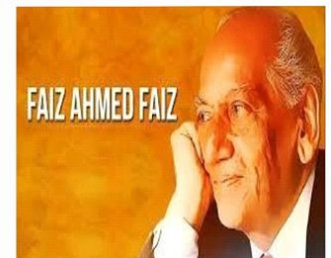

The University of Narowal is committed to:

- Fostering a culture of rigorous research, critical thinking, and scholarly excellence across sciences, technology, social sciences, and humanities.
- Integrating heritage with modern innovation to cultivate creativity, ethical leadership, and intellectual curiosity.
- Empowering students to become change makers who contribute meaningfully to Pakistan's development and the global knowledge economy.
- Building collaborative partnerships that strengthen academic quality, innovation ecosystems, and societal impact

Core Values of University of Narowal

- Partnership and Respect
- Transparency and Trust
- Fairness and Integrity
- Innovation and Adaptability
- Competence and Hard Work

Professor Dr. Muhammad Zia-ul-Haq h (T.I) Vice Chancellor, University of Narowal

Welcome to the University of Narowal (UON). Professor Dr. Muhammad Zia-ul-Haq has been appointed as Vice Chancellor, University of Narowal. Previously, he was working as Director General of the Islamic Research Institute and Professor of Shariah & Islamic Law at International Islamic University, Islamabad, Pakistan, where he was also a Dean of the Faculty of Shariah and Law from 2010 to 2014 and 07-01-2025 to 07-12-2025. He also served as Chief Editor of the renowned research journals of IRI. He was a Senior Fulbright Fellow and Professor at the Edward B. Brueggeman Center for Dialogue at Xavier University, Cincinnati, OH, USA 2013-14. He holds Ph.D. (1998) in Comparative Fiqh (Islamic Law) from the Institute Supérieur du Théologie, Ez-Zitouna University (Oldest University of the world founded in 737 AD), in Tunis, Tunisia. He had post-doctoral fellowships at the University of Glasgow, U.K. (2005); University of Warsaw, Poland (2010); Deusto University, Bilbao, Spain (2013); and King Abdullah Bin Abdul Aziz International Center for Inter Religious and Inter Cultural Dialogue (KAICIID) Vienna, Austria (2015). He has authored around 60 research articles/papers published in reputed recognized journals of the world. He has also written more than 30 books. He has presented around 550 presentations at numerous conferences and workshops around the globe. He has established various centers and departments and developed a variety of PHD/LLM/MS programs in various educational institutions. Recently he played a leading role in the establishment of Nisar Fatima Institute for Seerah and Women Studies (NFISWS) at Lahore as the joint initiative of HEC and IIUI. Similarly, he has completed the formation of Ahmad Yasawi Center for Islamic Thought, Culture and Civilization in Central Asia as the joint project of Pakistan and Kazakhstan which will be inaugurated by the President of Kazakhstan in his forthcoming official visit to Pakistan. He is leading the Govt. of Pakistan Projects for Advancing National Narratives such as Paigham-e- Pakistan and Saiban-e-Pakistan. He has conceived and implemented various projects for promotion of peace and inclusion in Pakistan. He is an active member of various important international bodies such as Secretariat of World and Traditional Religions Kazakhstan, International Justice Forum USA and International Moderation Forum, Jordan. He specializes in Shariah/Islamic Law, International Islamic Law, Islamic Civilizational Studies, Human Rights, Muslim Family laws and Interfaith Relations/Dialogue, Peace Studies and Narrative Building. He has been given several awards and recognitions such as Best Teacher Award from HEC (2010) and Ambassador for Dialogue and Peace Building by KAICIID, Austria (2015) and Medal of State from the President of Kazakhstan 2016. HE Nursultan Nazarbayev, Founding President Republic of Kazakhstan, awarded him Medal of the Honour of the Congress of the leaders of world and Traditional Religions (2018). Govt of Pakistan conferred upon him Tamgha-i-Imtiaz in 2024. During the 8th Congress of World and Traditional Religions on September 18, 2025 the President of Kazakhstan appointed him Goodwill Ambassador of Congress of World and Traditional Religions, Astan, Kazakhstan. He believes in the ethics of disagreement and aims to promote a culture of disagreement in an agreeable way. Thank you for taking the time to visit our website.

Vice Chancellor
University of Narowal

Dr. Faiza Bashir
Secretary to Vice Chancellor

Office of the Registrar

The Registrar is the Head of Administration and the custodian of the university's seal. The Registrar works directly under the Vice Chancellor. The Office of Registrar maintains a register of students and their academic records and is also responsible for the accuracy, integrity, and security of those records. This office is the core service provider within the University's offices. It acts as the facilitator for all academic and statutory matters, and for matters ancillary thereto. In coordination with other departments, this office establishes, implements, supports, and upholds academic policies related to registration services; enrollment and degree verification; class schedules; grade processing; degree audit management; degree application processing; verifying student enrollment status with creditors; and coordinating/facilitating the University's registration system.

Office of the Treasurer

Welcome to the Treasurer's Office at the University of Narowal, where excellence is nurtured, pursued, and celebrated as we provide financial management services to the University's faculty, administrative staff, and students, ensuring transparency and a timely, effective reporting system. The office has a mature mechanism for managing the University's funds, assets, liabilities, income, and expenditure. In addition, the treasurer's office is fully committed to providing a track toward financial autonomy under the Higher Education Development Project (HEDP), financed by the World Bank, which aims to support the HEC Vision 2025. In this regard, the University Development Office (UDO) has set goals to communicate the university's mission, goals, priorities, and performance in a clear, consistent, and focused manner to the general public and to all relevant parties in order to gain their understanding and support for raising the caliber and effectiveness of academic programs, research, and services. With a focus on the business sector, alumni, private donors, and international partners, the office will also be responsible for designing, implementing, and managing programs to raise funds for the institution from sources other than the Government of Pakistan.

Additional Treasurer

Directorate of Examinations

The Examinations Department is a vital part of the University of Narowal. This department is associated with various activities, ranging from the Secrecy, Conduct, Evaluation, Compilation, Normalization, and Announcement of Results to the Issuance of Certificates/Degrees and the Verification of credentials. The entire work of the Examinations Department is conducted as per the Act, Statutes, Rules, and Regulations made therein by the authorities of the University.

Dr. Khalid Hussain Shah
Additional Controller Examination

Mr. Muhammad Asim Shahzad
Asst. Controller of Examination
Email: asim.shahzad@uon.edu.pk

Dr Asma Shaheen
Assistant Controller

DIRECTORATE OF ACADEMICS

The Office of the Directorate of Academics is among the leading offices of the University of Narowal and falls under the Office of the Vice Chancellor. The office develops and monitors the academic curricula and policies. It continuously reviews academic curricula for quality through the board of studies, the board of faculty, and industry and market inputs. It keeps the curricula aligned with international and national needs and practices through accreditation bodies. The objective of the office is to implement and uphold the highest academic standards for excellence in teaching and learning, as approved by the Academic Council and Board of Governors. It also anticipates emerging needs and prepares future forecasts, including matters related to curricula, teaching methodologies, research activities, and evaluation of teachers and students. The Office of the Director of Academics also organizes Faculty Development Programs in collaboration with Deans and Chairpersons of Departments and responds to queries from HEC or any other organization on relevant academics areas. The Director of Academics, as a secretary of the Academic Council of the University, addresses all issues relevant to the quality of learning, including allied infrastructure, labs, and classrooms, across all Faculties, in collaboration with Deans and Heads of Departments.

Core Functions

1. Curriculum development of Under Graduate and Post Graduate Programs 2. Curriculum implementation of Under Graduate and Post Graduate Programs 3. Establishment of new labs and upgradation and maintenance of existing labs 4. Preparation of Academic Calendar 5. Revision and updating of Undergraduate and Post Graduate courses 6. Review of academic regulations and policies 7. Monitoring of faculty workload 8. Co-ordination with teaching departments for faculty hiring 9. Scheduling of Academic Courses and Events 10. Withdrawal from courses/semester/University 11. Grading and grade changes 12. Verifications as requested by Universities and Organizations 13. Maintaining a system of student record 14. Public Dealing on all Academic matters

Dr Muhammad Munir
Additional Director, Academics

Board of Advance Studies and Research (BASR)

The purpose of the Board of Advanced Studies and Research (BASR) is to streamline the functioning of postgraduate degree programs that have either already been introduced across all academic departments or to be launched soon. It is the responsibility of BASR to assist all postgraduate students with their approval of supervisory committees, approval of synopsis, and organization of thesis viva voce. To ensure authenticity, transparency, competitiveness, and the timely completion of all degree programs within the allotted time, the BASR is working extremely hard to achieve excellence. We genuinely hope that incoming students at the University of Narowal will find their alma mater conducive and valuable for completing their coursework and conducting research. We are confident and optimistic about the pleasant, learning-oriented environment they will find on campus.

BASR – Responsibilities

1. To process approval of new/revised postgraduate courses through BASR
2. Scrutiny of the synopses of theses, coursework programs, and supervisory committees of postgraduate students and arranging their approval by BASR.
3. Scrutiny of the theses of postgraduate students to ensure their proper format as laid down by BASR.
4. Recommend panels of names of examiners for evaluation of a research examination; and perform such other functions.
5. Preparation of agenda and conduct of meetings of BASR.
6. Execution of the policies and decisions of BASR.

Dr. Muhammad Imran
Additional Director, BASR

Dr. Azaz Ali Athar Bukhari
Deputy Director BASR

Quality Enhancement Cell

The Quality Enhancement Cell is an essential component of the University of Narowal's administrative and academic structure. It is connected with the Quality Assurance Agency of the Higher Education Commission of Pakistan, for the implementation of the quality enhancement policies. The Quality Enhancement Cell of the University of Narowal also monitors academic programs and administrative processes and functions to ensure compliance with internationally accepted standards. The Quality Enhancement Cell is dedicated to maintaining an academically rich, quality-directed, research-based, and scholarship-promoting environment in the University of Narowal. Working with all the faculties, departments and disciplines, administration and management to establish and ensure excellence and a high quality in all degree programs, the determination to confirm its quality assurance program that reflects the vision and the mission, and it is also in accordance with the Quality Assurance Agency of the Higher Education Commission of Pakistan. The Quality Enhancement Cell is striving to improve institutional processes and procedures to ensure effective, efficient operations. The Quality Enhancement Cell has productive plans to make a visible difference at the University of Narowal; the young University will be among the top, frontline institutions of Pakistan with international standards.

Mission

To adopt best practices to develop the university into a world-class institution for higher studies and research

Vision

1. Develop and implement best practices in education and research
2. Train faculty and staff to implement quality at every step
3. Monitor the implementation of best practices
4. Continuously strive for further improvement

BASAR – Responsibilities

Mr. Adnan Waheed
Additional Director, QEC

Dr Waqas Ali Khan
Deputy Director, QEC

Office of Research Innovation and Commercialization (ORIC)

The Office of Research, Innovation and Commercialization (ORIC) was established at UON in accordance with the Higher Education Commission (HEC) Islamabad's goal of making research a top priority for sustainable economic growth and a future knowledge economy. ORIC contributes to the development, expansion, enhancement, and management of research programs at the university by ensuring the quality of research and connecting it to education, society, and the economy.

ORIC is striving hard to strengthen the research culture in all disciplines of the University to bring it at par with other institutions of higher learning within the country and abroad. It aims to maintain the highest standards of research for both students and faculty. The ORIC is positively aimed to set the pace to match up to the challenges in the field of research and commercialization.

ORIC is striving for:

1. Promoting inter/cross disciplinary research
2. Building university / industry linkages
3. Inculcating entrepreneurship among researchers
4. Generating intellectual property through research, innovation, and commercialization
5. Establishing technology / innovation / business parks
6. Producing quality researchers to serve the country at their best

Dr Muhammad Salman Mubarak
Additional Director, ORIC

Dr. Ehtisham Ali
Deputy Director ORIC

Resident Auditor

The Office of the Resident Auditor serves as an independent and objective entity responsible for ensuring financial accountability and compliance with institutional policies, regulations, and statutory requirements. It provides oversight on financial transactions, conducts audits to assess risk management and internal controls, and advises on areas of improvement to promote transparency and operational efficiency. The office collaborates with university stakeholders to safeguard resources, enhance governance, and uphold ethical standards in all financial and administrative activities.

Mr. Muhammad Asif
Resident Auditor

Directorate of Purchase and Store

The Directorate of Purchase and Stores is fully responsible for procuring goods and services and for sustaining and supporting the University's educational and research goals. We strive to achieve fair, transparent, and healthy competition with the most efficient operations while adhering to the requirements of the University, its policies, procedures, rules, and regulations, in the true spirit of togetherness, in accordance with the Punjab Procurement Regulatory Authority (PPRA). The Procurement Office provides help and advice on all aspects of buying goods or services for the University. The Directorate aims to help you select the best suppliers and achieve the best overall value for money.

Various Committees are constituted to strictly observe all legal/codal/procedural formalities in accordance with the "Punjab Procurement Rules 2014" for all procurements (goods/services) to ensure transparency and financial discipline.

- a) Indent Committee
- b) Central Purchase Committee
- c) Local/ Petty Procurement Committee
- d) Bid Evaluation Committee
- e) Technical Evaluation Committee
- f) Grievance/ Redressed Committee

Mr. Muhammad Azam Ilyas
Additional Director, Purchase & Store

Mr. Muhammad Adnan
Deputy Director, Purchase

Mr. Adnan Waheed
Convener, Central Purchase Committee

Mr. Nasar Iqbal
Convener, Petty Purchase Committee

Directorate of IT Services

The IT services office contributes to the creation, adoption, oversight, and development of IT-related policies, processes, and standards essential to ensuring that people at the University of Narowal receive top-notch IT services.

Key roles of the IT services department are:

- a. Working on advancing the vision and mission of the university via innovative explorations, sound guidance, and open collaborations for digital excellence.
- b. Deliver cutting-edge, reliable, and secure technology infrastructure, applications, and services for existing and changing requirements. Provide accurate, timely data to support strategic and operational insights.

Mr. Adnan Waheed
Additional Director

Mr. Nouman Ali
Network Administrator

Directorate of Student Affairs

Introduction

The Directorate of Students Affairs is dedicated to the holistic development of students. It facilitates co-curricular activities, counseling, scholarships, and student societies. The Directorate promotes leadership, discipline, and welfare, ensuring a supportive campus environment that enhances academic growth, personality development, and active student engagement in university life.

RESPONSIBLE USE OF DIGITAL MEDIA & RESPONSIBILITIES OF PEMRA

The Department of Mass Communication & Media, in collaboration with the Directorate of Students Affairs, University of Narowal, and Paigham-e- Pakistan successfully organized a Guest Lecture & Special Interactive Session on "Responsible Use of Digital Media & Responsibilities of PEMRA."

ROLE OF FACULTY AND STUDENTS IN PREVENTION FROM VIOLENT EXTREMISM

A seminar was organized at University of Narowal on the International Day for the Prevention of Violent Extremism under the chairmanship of Vice Chancellor Prof. Dr. Muhammad Zia-ul-Haq (Tamgha-e-Imtiaz). Deputy Commissioner Narowal Mr. Muhammad Tayyab Khan attended the event as the Chief Guest, while District Police Officer (DPO) Narowal Mr. Muhammad Naveed Malik participated as the Guest of Honor. The event was attended by faculty members, administrative officers, and a large number of students.

INAUGURATION OF "SEEDS FOR PEACE PLANTATION DRIVE"

The pictures portray the inauguration of the "Seeds for Peace Plantation Drive" at University of Narowal, organized to promote environmental sustainability, peace, and social responsibility among students and the wider community. The event brought together university administration, faculty members, sports staff, employees, and students who actively participated in the plantation campaign by planting saplings across the campus as a symbol of growth, harmony, and hope for a greener future.

OUR COMMITMENT ON THE INTERNATIONAL DAY OF DEVELOPMENT AND PEACE

The pictures reflect an awareness and solidarity activity organized at University of Narowal on the occasion of the International Day of Development and Peace. Students, faculty members, and university administration actively participated in the event by holding placards carrying messages promoting peace, unity, humanity, and an end to violence and conflict. Through these visual messages, the participants highlighted the importance of harmony, coexistence, and the role of youth in spreading awareness for a peaceful and progressive society.

ROLE OF PAKISTAN IN GLOBAL PEACE DIPLOMACY

Peaceful World, Strong Pakistan – Youth Are Our Future Role of Pakistan in Global Peace Diplomacy Seminar – Narowal

The Directorate of Student Affairs organized a seminar on the “Role of Pakistan in Global Peace Diplomacy” at University of Narowal with the purpose of promoting peace, national unity, patriotic values, and awareness among youth regarding Pakistan's positive role in global diplomacy and regional stability. rtance of harmony, coexistence, and the role of youth in spreading awareness for a peaceful and progressive society.

Narowal Peace Dialogue Initiative

The Narowal Peace Dialogue is a premier platform that was initiated on May 6, 2025, to bring together diverse communities, faiths, schools of thought and various segments of Pakistani society to raise a united, strong and clear voice for peace, harmony, national integrity and social cohesion. This is a structured forum that facilitates conversations aimed at conflict resolution, fostering mutual understanding, and building sustainable peace through connecting local, national, and international stakeholders. This initiative of Professor Ahsan Iqbal who is an eminent politician and forward-looking

development mind of Pakistan is focused on inclusivity, bringing together civil society, policymakers, and communities to address issues like security, human rights, and social cohesion. This platform celebrates the diversity of Pakistan and pluralistic values that have underpinned in our society. It is a very serious effort to find innovative solutions to the menace of hatred, violent extremism, incitement to violence and conflict. It is structured to guide the new generations to contribute to the process of civilization of society through profound change in human behavior and construction of the modern democratic, developed state and transition from troublemakers and belligerents to civilized human beings. Today, the Narowal Peace Dialogue has become a major international forum for peaceful coexistence, spearheading a new narrative of resilience, pluralism, and dialogue for Pakistan and beyond.

International Narowal Peace Dialogue 2026

INAUGURATION OF PEACE ART EXHIBITION

The inauguration ceremony of the Peace Art Exhibition will be graced by Ahsan Iqbal and distinguished national and international delegates. During the event, the honorable guests will officially inaugurate the exhibition and visit various stalls showcasing creative artworks, cultural displays, and peace-promoting initiatives. The exhibition aims to encourage harmony, cultural understanding, and artistic expression through the participation of artists and organizations from different backgrounds.

1st PANEL DISCUSSION ON BUILDING BRIDGES FOR LASTING PEACE IN THE REGION

The 1st Panel Discussion on “Building Bridges for Lasting Peace in the Region” will bring together distinguished policymakers, diplomats, academicians, and public representatives to discuss strategies for promoting regional harmony, interfaith understanding, and sustainable peace. The session will feature H.E. Gulsana Kozhabay, Chairperson Board of Governors, International Center for Interfaith and Interreligious Dialogue, Republic of Kazakhstan; H.E. Mr. Yerzhan Kistafin, Ambassador of Kazakhstan to Pakistan; Prof. Dr. Uzma Quraishi, Vice Chancellor, Lahore College for Women University; Dr. Nadeem Javaid, Vice Chancellor, Pakistan Institute of Development Economics; Prof. Dr. Sajjad Mubin, Vice Chancellor, University of Okara; Prof. Dr. Kanwal Ameen, Vice Chancellor, Government College Women University Faisalabad; Mr. Ramesh Singh Arora, Punjab Minister of Minority Affairs; and Mr. Ahmad Iqbal Chaudhary, Member of the Provincial Assembly of Punjab and Chairman Public Accounts Committee.

SOCIAL COHESION AND INTERFAITH HARMONY THROUGH PEACEBUILDING

The 1st Plenary Session of the International Conference on National Integration, Social Cohesion and Interfaith Harmony through Peacebuilding was chaired by Prof. Dr. Saad Dine El Otmani, former Prime Minister of Morocco, with Prof. Dr. Abdellatif Bouazizi, President of Al-Zaytuna University, Tunisia, as the Chief Guest. The session was conducted by Dr. Muhammad Ahmad Munir and featured distinguished speakers from Pakistan, Saudi Arabia, Türkiye, and Tunisia who shared valuable insights on national integration, social cohesion, interfaith harmony, and peacebuilding.

MARKAE – HAQ

Student Clubs & Societies

The university is committed to providing students with a dynamic platform where they can learn to lead and develop the qualities of effective teamwork. By engaging in diverse cocurricular and extra-curricular activities, students have opportunities to organize, participate in, and excel in initiatives that nurture leadership skills, global competitiveness, moral integrity, and personal discipline. These experiences help shape them into wellrounded individuals and responsible citizens. UON university has established a range of societies and clubs that serve as avenues for student growth, collaboration, and holistic development:

1. Literary and Debating Society
2. Music and Dramatic Society
3. Cultural and Folk Society
4. Seerat Society
5. Sports Society
6. Society for Social Work
7. Sustainable Environment Protection Society
8. Media Society
9. Career Counselling Society
10. Society for Language and Literature
11. Anti-Narcotics Society
12. UON Fine Arts Society
13. Young, Peace and Development Corps
14. Paigham-e-Pakistan Peace Building and Interfaith Harmony Society

Directorate of Financial Aid

The Financial Aid Office (FAO) was established in 2019 by the Vice Chancellor of UON with a mission to assist students from low-income families who cannot cover the cost of their education. Since then, FAO started its operations from the bottom up and quickly ascended. So far, over 1000 students are receiving various types of scholarships, accounting for one-third of all students at the University of Narowal. In addition, FAO has awarded more than 150 million rupees (150,000,000) in scholarships to these students over the last two and a half years. The financial aid office is dedicated to ensuring that all meritorious students have access to any available assistance they require to continue their education without interruption. The details of different types of scholarships offered by FAO are as follows:

1. Benazir Undergraduate Scholarship Program (BUSEP)
2. Punjab Educational Endowment Fund (PEEF)
3. Rahmatul lil Alameen Scholarship program
4. Diya Scholarships
5. Pakistan Bait ul Mal Scholarships
6. Ministry of Religious Affairs and Interfaith & Harmony Scholarships
7. Human Rights and Minority Affairs Department

Mr Adeel Abid
Assistant Director

Directorate of Administration and Coordination

The Directorate of Administration and Coordination at the University of Narowal is responsible for ensuring the smooth functioning of administrative affairs and coordination among various departments of the university. The Directorate plays a pivotal role in maintaining campus, hostels, guest houses & residential infrastructure, event management, cleanliness, security, transport, horticulture, and other technical support services. It also develops and implements administrative policies and standard operating procedures (SOPs) to enhance efficiency and institutional discipline. It serves as a coordinating body between academic and administrative units to facilitate the effective execution of university policies and day-to-day operations.

Key Functions:

- Coordination of administrative activities across university offices.
- Supervision of campus maintenance, cleanliness, and landscaping.
- Monitoring security arrangements and transport-related matters.
- Implementation of institutional SOPs and administrative policies.
- Facilitation of infrastructure development and campus improvement projects.
- Coordination among departments for efficient service delivery and institutional governance.
- Event Management is also one of the major task performed by the Directorate and provide logistic and administrative support to all type of International and National level conferences, workshops, seminars and convocation.

This Directorate works under the overall administrative framework of the university and supports the Registrar and Vice Chancellor offices in maintaining an efficient, safe, and conducive learning environment.

Dr. Muhammad Asim
Additional Director
Administration & Coordination

Mr. Muhammad Shahid Rafiq
Assistant Director (Admin)

Mr Adeel Abid
Assistant Director (A&C)

Youth Development Center

At the Youth Development Center, our mission is to empower students to unlock their full potential and prepare for a brighter future. We are committed to fostering personal growth, leadership, and professional skills through a dynamic and inclusive environment.

Our center serves as a hub of inspiration and innovation, offering diverse programs, workshops, and opportunities tailored to equip young minds with the tools they need to thrive in today's world. From skill-building sessions and career guidance to community service initiatives and extracurricular activities, we are dedicated to nurturing wellrounded-individuals. We believe that every student has unique strengths, and our goal is to help you identify and harness them to achieve your aspirations. Together, we will build a vibrant community of change makers, problem-solvers, and leaders. Join us in shaping your future and making a positive impact on the world. The journey starts here!

Dr. Azaz Ali Ather Bukhari
Focal Person/Incharge

Ms Maryam Sabir
Assistant Director

Project Management Unit

The Project Management Unit (PMU) is responsible for ensuring the successful delivery of projects within defined budgetary and time constraints while meeting technical specifications and project objectives. This involves comprehensive planning of activities, tasks, and deliverables, including work breakdown, scheduling, budgeting, task coordination, and resource allocation. The PMU oversees the selection and organization of project teams, facilitates effective communication and collaboration with stakeholders, and closely monitors project progress. Additionally, it identifies and addresses technical and functional challenges to ensure seamless project execution and achievement of goals.

Engr. Tauseef Arshad
Project Director

Mr. Umar Sohaib
Sub-Engineer

University Library

University of Narowal has a very impressive and vast library building with more than 13,500 books on various subjects, including Natural Sciences, Arts and Humanities, Computer Sciences, Management & Administrative Sciences, Geography, Languages and Literature, Islam, etc. The UON library also provides students with access to all relevant materials, including journals, magazines, newspapers, and other materials required by students and faculty. The purpose is to fulfill learners' intellectual curiosity, meet the demands of the curriculum, and provide access to information that can be utilized in all spheres of academic and professional life for its users/patrons.

Library Services

- Circulation Services
- Reference Services
- Inter Library Loan
- Digital Library
- HEC digital library resource (E-Journals/ Databases)

Dr. Muhammad Kaleem
Additional Librarian

Mr. Hamad Tariq Awan
Deputy Librarian

Directorate of Press, Media and Publication

Introduction:

The Directorate of Press, Media & Publication is the university's official communication and outreach arm. It handles press releases, media coordination, publications, and digital content to promote academic achievements, research, and events while protecting the university's image and ensuring accurate information for stakeholders and the public.

Objectives

1. Manage media relations and secure positive coverage for university activities.
2. Publish newsletters, magazines, brochures, and press releases.
3. Maintain consistent branding and official messaging across all platforms.
4. Handle official website and social media for timely updates.
5. Archive press clippings, photos, and publications as institutional records

Mr. Nasar Iqbal
Deputy Director

Dr. Kamran Khan
Assistant Director

College UON, Institutes & Centers

1. Govt. Islamia College, Narowal

The Govt. Islamia College, a constituent unit of University of Narowal carries a rich tradition of academic excellence and quality education. Today, it continues its commitment to providing a disciplined, safe, and student-centered learning environment under the visionary leadership of the Worthy Vice Chancellor, Professor Dr. Muhammad Zia-ul-Haq (Tamgha-e-Imtiaz).

The College Section aims to prepare students academically, morally, and professionally for future success. With a strong focus on academic excellence, character building, and skill development, the institution enables students to excel confidently in higher education and professional fields. Supported by qualified faculty, modern facilities, and a welcoming atmosphere, the College Section fosters a close-knit learning community where students are encouraged to explore diverse opportunities, enhance their potential, and strive towards excellence in every sphere of life.

Principal College Section, University of Narowal:

1. Dr. Muhammad Ahmad

Programs Offered:

- F.Sc (Pre-Medical) – Pathway to Excellence in Medical & Biological Sciences
- F.Sc (Pre-Engineering) – Foundation for Engineering, Technology & Innovation
- ICS (Computer Science) – Modern Education in Computing & Digital Technologies
- I.Com (Commerce) – Professional Learning in Business, Finance & Commerce
- F.A (Arts) – Diverse Studies in Arts, Humanities & Social Sciences
- F.A (IT) – Contemporary Education Integrated with Information Technology

2. Dr Ashfaq Khan National Centre in Basic & Emerging Sciences

In developing countries, the lack of advanced research facilities and limited opportunities for scientific exploration often hinder progress. Therefore, the establishment of a Department of basic sciences within the centre is a strategic initiative aimed at strengthening scientific research, promoting innovation, and enhancing the quality of education. Over the years, the importance of basic sciences has increased significantly due to rapid advancements in technology and global competition. Nations that invest in research and development (R&D) have achieved remarkable economic and technological growth. In addition, the global transition toward a bio-based economy presents a unique opportunity for Pakistan to establish indigenous capabilities in biomanufacturing, particularly in the production of biopharmaceuticals, vaccines (human and animal), monoclonal antibodies, industrial enzymes, growth factors, biosimilars and other highvalue biologics. This proposal outlines the establishment of a Department of Biomanufacturing at as a flagship initiative to drive research, workforce development, and industrial translation, thereby laying the foundation for a robust bioeconomy in Pakistan. In alignment with global transitions toward knowledge-based economies, department of emerging sciences will serve as a catalyst for high-impact research, human capital development, and technological advancement in Pakistan. It will bridge the gap between traditional academic structures and future-oriented scientific disciplines such as artificial intelligence, genomics, quantum technologies, and climate science.

The centre aims to offer structured research programs focusing on Renewable energy, Energy Chemistry, Medicinal Chemistry, Genomics & Proteomics, Bioinformatics & Computational Biology, Nanotechnology & Nanoscience, Neuroscience & Brain Research, Quantum Science & Advanced Physics, Climate change and environmental studies, Health and biotechnology, Materials chemistry/science, Chemistry with AI, Bioinformatics and Computational Biology; Artificial Intelligence and Data Science; Nanotechnology and Advanced Materials; Quantum Science and Advanced Physics; Neuroscience and Cognitive Science; Climate Science and Sustainability; Digital Health and Biomedical Technologies.

Objectives:

1. The Centre will pursue following core objectives:
2. Upgrade the University of Narowal into a high-performing research university.
3. Establish modern laboratories and shared scientific infrastructure.
4. Launch interdisciplinary MS and PhD programs in both basic and emerging sciences.
5. Promote research in basic and life sciences, biotechnology, materials, climate, quantum, and mathematics.
6. Develop a science-to-innovation pipeline linking research with patents, prototypes, startups and industry solutions.
7. Build national talent in frontier scientific disciplines.
8. Support Pakistan's development priorities under URAAN Pakistan, Vision 2047 and the 5Es framework.
9. Create national and international research partnerships.
10. Promote women's participation in STEM.
11. Make Narowal a model knowledge district and a genuine City of Knowledge.

3. National Sports City & National Institute of Sports Sciences (NISS)

National Institute of Sports Sciences is designated as to be established as a constituent academic unit of the University of Narowal at National Sports City. The naming reflects an identity aligned with national leadership in promoting sports culture, policy and governance, reinforcing the broader educational objective of producing Sports trained graduates with a strong understanding of Sports. The Institute is to be located within the university's officially notified campus boundaries, ensuring compliance with regulatory requirements concerning exclusive use of premises, academic environment, and accessibility. Physical location within the campus is significant from a regulatory perspective, as the HEC rules prohibit shared or commercially used premises for education. From Sports stand point, the proposed Institute derives its status from the statutory authority of the University of Narowal. As an Independent Institute, it remains subject to the university's Act, Statuettes, academic councils, and examination regulations, while simultaneously being accountable to the HEC for recognition and also for curriculum compliance.

Objectives:

1. **Healthy Lifestyle Advocacy:** Combat sedentary behavior by making Narowal a regional hub for fitness.
2. **Professional Development:** Provide HEC-recognized degrees that allow graduates to work in global leagues (IPL, PSL, EPL) and international federations.
3. **Community Engagement:** Use the stadiums for community wellness programs, reducing regional obesity rates.

Newly Established Institutes

University of Narowal, under the visionary leadership of the worthy Vice Chancellor, has established new institutes in line with the university's vision and mission, which will leave a lasting impact on the minds of students and parents across borders.

1. Narowal Institute of Art, Design & Architecture (NIADA)

The Institute will expand beyond the current Fine Arts program to include diverse, interdisciplinary degree programs in art, design, and architecture, aligned with national development goals and contemporary global trends. The initiative aims to transform the University into a regional hub for creative education, innovation, and cultural development.

The Department of Fine Arts currently offers a single academic program, limiting its academic scope and impact. However, the growing demand for creative professionals in Pakistan, particularly in architecture, digital design, media, and cultural industries, necessitates expansion. Regions like Narowal lack dedicated institutions focusing on creative disciplines and establishing NIADA will:

- Address regional educational gaps
- Provide professional training in creative industries
- Promote cultural heritage and innovation
- Enhance employability and entrepreneurship

2. Faiz Ahmed Faiz Cultural Complex (FAFCC)

The University of Narowal proposes the establishment of the Faiz Ahmad Faiz Cultural Complex (FAFCC). Named after one of the most influential literary figures of the 20th century, born in Sialkot, neighboring Narowal. This complex is designed to be a premier regional hub for the preservation, study, and promotion of Pakistan's rich cultural heritage, diverse languages, and the arts.

In an era of rapid globalization, the FAFCC will serve as a sanctuary for indigenous wisdom and a laboratory for creative expression, integrating academic rigor with artistic practice to foster a "Culture of Peace and Pluralism." Narowal and its surrounding regions (Sialkot, Kartarpur) sit at a historic cultural crossroads. The establishment of this complex aims to:

Reclaim Intellectual Heritage: Honor the legacy of Faiz Ahmad Faiz by promoting literature that advocates for social justice and humanism.

Bridge the Generational Gap: Connect the youth with their linguistic roots (Punjabi, Urdu, Persian) and traditional arts.

Promote Cultural Tourism: Leverage the proximity to the Kartarpur Corridor to create a space for inter-faith harmony and cross-border cultural exchange.

3. Kartarpur Institute of Theology, Religious and & Social Cohesion (KITRSSC)

The Kartarpur Institute of Theology, Religious Studies and Social Cohesion (KITRSSC) at the University of Narowal is envisioned as a premier academic, research, and policy-oriented center dedicated to the study of religion, theology, interfaith studies, peacebuilding, social cohesion, civic sense and reconciliation in Pakistan and beyond in the perspectives of world and Traditional Religions. Situated near the historic Kartarpur Corridor—an enduring symbol of interfaith harmony associated with Guru Nanak—the Institute will draw upon its unique geographical and spiritual significance to promote meaningful engagement among diverse religious communities inside Pakistan and Abroad.

Objectives:

The Kartarpur Institute of Theology, Religious Studies and Social Cohesion (KITRSSC) will pursue the following strategic and measurable objectives:

1. Promote Interfaith and Intra-faith Harmony
2. Advance Research on Theology and Religious Studies Grounded in Qur'an, Sunnah and other sources of world and traditional religions
3. Offer research and Advance degrees and diplomas
4. Support National Peace Narratives
5. Collaboration with other organizations for Counter violent Extremism through Education
6. Capacity Building of Key Stakeholders
7. Policy Advisory and Think Tank Role
8. Promote Interdisciplinary Academic research for behavior Change on civic sense and adoption of Process of Civilization
9. Enhance Community Engagement
10. Develop National and International Linkages
11. Generate Measurable Outputs

4. Narowal Law College (NLC)

Narowal Law College is established as a constituent academic unit of the University of Narowal. The law college is officially notified, ensuring compliance with regulatory requirements regarding the exclusive use of the premises, the academic environment, and accessibility. The rationale for establishing a dedicated law college at the University of Narowal emerges from the intersection of regulatory reform, regional educational needs, and the requirement to institutionalize legal education within a public-sector university framework. The presence of a law college within such a framework enables adherence to standardized admission criteria, faculty qualifications, curriculum structure, student evaluation mechanisms, and inspection regimes mandated by the Pakistan Bar Council (PBC) and the HEC.

Objectives:

- I. Establish an accredited law school offering recognized degree programs
- ii. Develop modern teaching and learning infrastructure
- III. Recruit qualified and experienced faculty
- iv. Promote research and publications

5. National Incubation Centre for Social Enterprise (NICSE)

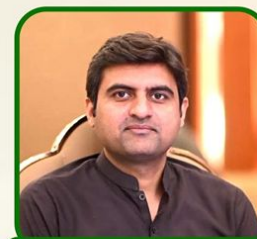

The establishment of a National Incubation Center for Social Entrepreneurship is a strategic initiative aimed at nurturing innovative ventures that address pressing social, economic, and environmental challenges through sustainable business models. This NICSE is one of its kind, as it focuses on businesses and startups that advance the social development of an area or region, particularly Narowal. In an era marked by inequality, unemployment, climate stress, and gaps in public service delivery, social enterprises have emerged as powerful agents of inclusive and sustainable development. An incubation center dedicated to this sector will provide the institutional support, capacity building, and ecosystem linkages required to transform socially driven ideas into scalable and impactful enterprises.

The objectives of the NICSE capstone project can be articulated as follows:

1. Promote Social Entrepreneurship
2. Develop Entrepreneurial Skills
3. Support Startup Incubation
4. Generate Employment Opportunities
5. Strengthen Community Development
6. Promote Innovation and Research
7. Build University–Industry–Government Linkages
8. Contribute to the Sustainable Development Goals (SDGs)
9. Prevent Crime through Economic Inclusion

Dr. Muhammad Haseeb Sarwar
Director NICSE

Mr. Ahsan Butt
Deputy Director NICSE

Dr. Ghulam Dastgir
Deputy Director NICSE

The Youth Leadership Social Enterprise Development Program (YLSEDP)

The Youth Leadership Social Enterprise Development Program (YLSEDP) is a transformative initiative built on the belief that lasting social change cannot be achieved through short-term projects, isolated interventions, or purely economic solutions, but through the integration of leadership, entrepreneurship, ethics, and meaningful community engagement. At its core, the program recognizes young people not as passive beneficiaries or deficient actors, but as untapped agents of value creation whose potential often remains constrained by limited opportunities, rigid systems, and risk-averse social norms. YLSEDP therefore focuses equally on personal development and enterprise creation, redefining leadership as the courage to assume responsibility for complex problems and act constructively within imperfect systems. Through a robust learning-bydoing methodology, participants progress from self-awareness and identity formation to social problem analysis, enterprise design, operational planning, and ecosystem navigation, mirroring the real journey of social entrepreneurs. The program combines classroom learning with field immersion, micro-experiments, peer critique, mentor guidance, and evidence-based reflection, ensuring that learning remains grounded in real-world realities rather than abstract theory. Rejecting romanticized narratives of entrepreneurship as quick success or glamour, YLSEDP emphasizes discipline, accountability, resilience, and the ability to manage uncertainty, trade-offs, and ethical dilemmas. A defining outcome of the program is that participants graduate with incubation-ready social enterprise models that have been stress-tested through community engagement, operational planning, impact measurement, and risk assessment. Guided by five core pillars—value creation beyond employment, dignity centered engagement, execution over rhetoric, resilience through responsibility, and ecosystem literacy—YLSEDP prepares youth to become principled leaders capable of creating sustainable social impact. Ultimately, YLSEDP offers a scalable and durable model of youth empowerment that advances social cohesion, resilience, and non-kinetic prevention by positioning young people not as risks to be managed, but as powerful resources capable of building more inclusive, ethical, and resilient communities from within.

Mosque

Hostel Facilities

Hostels play a vital role in fostering a secure and supportive environment for students, especially those coming from distant regions. At the University of Narowal, we provide separate hostel facilities for boys and girls, ensuring privacy and promoting a balanced academic and personal life. These hostels are equipped with essential amenities to create a comfortable, conducive environment for learning and personal growth. With dedicated staff and a focus on safety, our hostels encourage students to build lasting friendships and develop independence as they pursue their academic goals. The University remains committed to offering a home away from home for all residents.

Hostel Warden: Dr. Khalid Hussain Shah

Superintendent Female Hostel: Dr. Saba Sultana

Superintendent Male Hostel: Dr. Ehtisham Ali

Transport Facility

The university has a fleet of ten buses operating on various routes to serve its students in the district of Narowal.

Transport Officer: Mr. Muhammad Shahid Rafiq

DIRECTORATE OF SPORTS

The accelerated pace of the University's sports achievements has been instrumental in enabling the department to grow from strength to strength and occupy a place of prominence in the University's developmental road-map. Headed by the additional director, the sports department has a well-trained, competent and fully committed band of Managers representing various disciplines. It needs no reiteration that the Sports Directorate has been on a path of sustained growth, both quantitative and qualitative, steadily and speedily crossing important milestones in improved sports infrastructure development, the management (conduct and organization) of inter-university sports competitions, and coaching-training facilities.

Dr. Muhammad Hanif
Additional Director

Dr. Ghulam Dastgir
Deputy Director Sports

Ms Anam Azhar
Assistant Director Sports

FACULTY OF SCIENCE & TECHNOLOGY

INTRODUCTION

The Faculty of Science & Technology at the University of Narowal is committed to excellence in scientific education, research, innovation, and technological advancement. Through its constituent departments, the Faculty offers high-quality academic programs that develop strong scientific knowledge, analytical thinking, practical skills, and research capabilities to address contemporary scientific and technological challenges. With experienced faculty, modern laboratories, and research-driven learning, the Faculty prepares graduates for successful careers in science, technology, industry, academia, research, public service, and innovation while contributing to sustainable development and the University's vision of academic excellence.

Department of BioChemistry

INTRODUCTION

Biochemistry is a multidisciplinary field of science with broad scope and demand at national and international levels. Currently, the department offers BS and M.Phil programs in biochemistry. The curriculum for the graduate and postgraduate programs is developed based on local and international standards, featuring highly competitive, advanced theoretical and practical courses. The hallmark of a curriculum is to infuse original thinking, resourcefulness, and entrepreneurial spirit among students. The undergraduate and postgraduate programs are designed to ensure the acquisition of knowledge and skills, encouraging necessary exposure to interdisciplinary areas. Moreover, the department regularly updates the curriculum, keeping in view the recent advances in biochemistry and biological sciences.

The department of biochemistry has highly qualified and competent faculty with doctorate and post-doctoral experience from reputable National and International Universities. Our biochemistry laboratories are equipped to conduct research in clinical biochemistry, oncology, genetics, enzymology, and molecular cell biology. Our graduates will secure employment in international and local clinical laboratories, forensic science laboratories, research institutes, academia, agriculture, and the pharmaceutical and food industries.

PROGRAMS OFFERED

- BS Biochemistry
- M.Phil Biochemistry
- PhD Biochemistry

DEPARTMENT OF BIOTECHNOLOGY

INTRODUCTION

Do you want to learn about life's mechanics and how to improve human and animal health, food and nutritional security, energy generation, and environmental quality? The Department of Biotechnology is offering a multidisciplinary BS Biotechnology degree program that has an impact on almost every aspect of modern human life. Students develop a general background in biological sciences, with an emphasis on Genetics, Molecular Biology, and Cell Biology principles. The biotechnology degree program at University of Narowal provides suitable preparation for a wide variety of careers, including teaching, research, and work with biotechnology industries. Students who graduate from the department of biotechnology will be critical thinkers who can successfully translate modern biological knowledge into useful products for the benefit of society. We currently offer a 4-year BS in Biotechnology. We intend to offer a MPhil in Biotechnology soon, followed by a PhD in Biotechnology. Additionally, we will offer a BS and MPhil in Bioinformatics concurrently considering the advancement of sequencing technologies and the availability of vast datasets of DNA sequences.

PROGRAMS OFFERED

- BS Biotechnology

DEPARTMENT OF BOTANY

INTRODUCTION

Department of Botany, encompasses a wide variety of disciplines, starting from the basic perspectives of the field of Botany and moving on to explore each area of the discipline through broad exposure to industry and laboratory performance. The focus is to produce plant scientists with great passion of research. The program starts by developing a fundamental understanding of the Botany and gradually takes the students to focus on research spectrum. The outmost objective is to provide an opportunity to the students to equip themselves with the blend of skills and knowledge to meet challenges in national and international arena.

The famous saying that "All Flesh is Grass" reflects its significance of Botany in the biosphere. It began with tribal role, to identify edible, medicinal and poisonous plants for a number of reasons; they generate oxygen and provide food, fibers, fuel and medicine for life forms to exist on earth. An understanding of Botany can help to:

- Understand fundamentals of life processes in living organisms to produce more food and fiber for population using healthier and better hybrid seeds of crops harvested through plant breeding and genetics.
- Depict environmental changes through the use of plants as bio-indicators and protect plants and endangered plant species through biodiversity conservation techniques.
- Provide link between academia and industry.
- To encourage the students to do research.

PROGRAMS OFFERED

- BS Botany
- M.Phil Botany

DEPARTMENT OF CHEMISTRY

INTRODUCTION

The Department of Chemistry at the University of Narowal is dedicated to excellence in teaching, research, and community service. The department offers comprehensive academic programs at undergraduate, graduate, and doctoral levels that prepare students to meet the challenges of modern science and technology. The curriculum integrates theoretical concepts with practical applications, enabling students to develop critical thinking, analytical abilities, and research skills essential for professional success.

The department provides education in all major disciplines of chemistry, including Organic, Inorganic, Physical, Analytical, Environmental, Industrial, and Materials Chemistry. Through modern laboratory facilities and a research-focused environment, students gain hands-on experience and exposure to contemporary scientific developments.

DEPARTMENT OF ENVIRONMENTAL SCIENCES

INTRODUCTION

The Department of Environmental Sciences at the University of Narowal is committed to excellence in education, research, and community engagement in the field of environmental sustainability. Established to address the growing environmental challenges of the modern world, the department provides students with a multidisciplinary understanding of environmental systems, natural resource management, pollution control, climate change, biodiversity conservation, and sustainable development. The department offers both BS Environmental Sciences and MPhil Environmental Sciences programs, designed in accordance with the guidelines of the Higher Education Commission (HEC) of Pakistan and contemporary international standards. The curriculum combines strong theoretical foundations with practical training, field studies, laboratory work, and research-oriented learning to prepare graduates for professional and academic careers in environmental management and research. Through innovative teaching, scientific inquiry, and collaboration with governmental, industrial, and non-governmental organizations, the department aims to produce skilled environmental professionals capable of addressing local, national, and global environmental challenges and contributing to a sustainable future.

DEPARTMENT OF MATHEMATICS

INTRODUCTION

Mathematics is the language of science, technology, and innovation. It provides the foundation for understanding complex phenomena, solving real-world problems, and advancing knowledge across diverse disciplines. The Department of Mathematics at the University of Narowal is dedicated to fostering analytical thinking, logical reasoning, and research excellence through high-quality teaching, innovative research, and academic mentorship.

Since its establishment, the department has been committed to preparing students with strong mathematical knowledge, problem-solving abilities, and research skills that enable them to contribute effectively in academia, industry, technology, finance, data science, and scientific research. Our programs are designed to cultivate intellectual curiosity and develop graduates who can apply mathematical principles to address contemporary challenges in science, engineering, business, and society.

The department offers a comprehensive academic pathway comprising BS Mathematics, M.Phil. Mathematics, and Ph.D. Mathematics, enabling students to progress from foundational mathematical studies to advanced research and scholarly contributions. Our curriculum integrates theoretical foundations with modern applications, providing students with expertise in Pure Mathematics, Applied Mathematics, Differential Equations, Differential Geometry, Number Theory, Graph Theory, Cryptography, Artificial Intelligence, Machine Learning, and Computational Mathematics.

A distinguishing feature of the department is its vibrant research culture. Our faculty members are actively engaged in research across a wide range of mathematical and interdisciplinary fields, contributing to national and international scholarly communities. Under their supervision and mentorship, M.Phil. scholars have achieved remarkable success, publishing more than 50 research articles in internationally recognized SCI, Q1, and Q2 indexed journals.

These achievements reflect the department's commitment to research quality, academic rigor, and the development of future scholars.

The Department of Mathematics is supported by a dedicated team of highly qualified faculty members whose expertise spans Differential Geometry, Number Theory, Graph Theory, Differential Equations, Artificial Intelligence, Machine Learning, Cryptography, and other emerging areas of mathematical sciences. Through classroom instruction, research supervision, seminars, workshops, and collaborative projects, our faculty members strive to create an intellectually stimulating environment that promotes creativity, critical thinking, and lifelong learning.

"Mathematics is not only about numbers and equations; it is a powerful tool for discovery, innovation, and understanding the world around us."

Graduates of the Department of Mathematics are well-prepared for diverse career opportunities in education, research institutions, data science, finance, information technology, artificial intelligence, government organizations, and industry. Many of our graduates pursue advanced studies and research careers, contributing to the advancement of mathematical sciences both nationally and internationally.

As the department continues to grow, it remains committed to expanding research collaborations, strengthening postgraduate studies, embracing emerging technologies, and promoting interdisciplinary research. Through excellence in teaching, research, and innovation, the Department of Mathematics aims to develop future leaders, researchers, and professionals capable of making meaningful contributions to society and the global scientific community.

DEPARTMENT OF PHYSICS

INTRODUCTION

The Department of Physics at UON is playing a vital role in Natural Science. Physics spans a wide range, from its theoretical and experimental foundation to cutting-edge developments in the fundamental and industrial research. We aim to provide quality education to our students. Physics is an exciting and enriching field of study that requires deep analytical reasoning and nurtures intellectual curiosity about the world around us. The focus of our department is on the development of core concepts and problem-solving skills. We offer a diverse platform for undertaking research in a multitude of areas. We encourage our students to explore the mysteries of the fundamental structure of the Universe. The mission of the Department of Physics is to produce trained manpower for Colleges, Universities, Electronic industry for national and international organizations.

DEPARTMENT OF ZOOLOGY

INTRODUCTION

Zoology is a multidisciplinary subject. The program starts by developing a fundamental understanding of the subject in students by teaching them about organisms and their genetic, morphological, and physiological attributes, their surrounding environment, and their role in the conservation of environment. Zoology is a combination of various disciplines such as Genetics, Physiology, Ecology, Developmental Biology, Microbiology, Parasitology, Entomology, Evolution, Taxonomy, Freshwater Biology, Fisheries, and Wildlife, etc. This subject has a significant role in human resource development, food security, environmental conservation, sustainable development, and ultimately in the alleviation of poverty. The foremost objective was to provide an opportunity for the students to equip themselves with the blend of skills and knowledge to meet challenges in the national and international arena.

FACULTY OF SOCIAL SCIENCES

INTRODUCTION

The Faculty of Social Sciences at the University of Narowal is committed to excellence in teaching, research, innovation, and community engagement. The Faculty provides a dynamic academic environment where students develop critical thinking, analytical reasoning, research competence, and professional skills to understand and address contemporary social, educational, and psychological challenges. It aims to produce responsible graduates who can contribute effectively to national development and the global knowledge economy. The Faculty offers high-quality academic programs through its constituent departments, including the Department of Education, Department of Psychology, Department of Mass Communication & Media, and Department of Allied Subjects. These departments provide interdisciplinary learning opportunities, combining theoretical knowledge with practical application, field experience, and research-based learning. With a dedicated faculty, student-centered teaching practices, and an emphasis on innovation and ethical values, the Faculty prepares graduates for successful careers in academia, research, education, media, public service, development organizations, and industry. Through academic excellence, collaborative research, and community outreach, the Faculty of Social Sciences continues to play a vital role in promoting social progress and sustainable development while contributing to the vision and mission of the University of Narowal.

DEPARTMENT OF ALLIED SUBJECTS

INTRODUCTION

The Department of Allied Studies at the University of Narowal encompasses numerous disciplines such as Sociology, Pakistan Studies, Islamic Studies and Statistics. The department comprises faculty members from the best universities of the country for imparting quality education to the students. As a commitment to higher and quality education, four academics in the department are PhD whereas the rest are pursuing their doctorate degrees. Apart from permanent or contractual faculty members, the department engages visiting faculty members with the best credentials to meet the demand of allied courses being taught in various departments of the university. In a similar vein to other departments at the university, the department of allied remains truly committed to engendering the love of learning and knowledge among the students. The department of allied works in cooperation with other departments for providing instructors for the introductory level allied courses. The education imparted to students not only serves to make them better professionals, but better human beings who can be useful members of society and an asset for the country. The allied courses enable students to make better sense of the problems or the questions triggered in a rational mind. It offers them the perspective to analyze and look upon a problem from various dimensions before going for a solution. In a rapidly changing world, knowledge has to be constantly updated, so the faculty members make sure that students are being provided with up-to-date knowledge in the form of books and articles.

DEPARTMENT OF MASS COMMUNICATION & MEDIA

INTRODUCTION

Department of Mass Communication & Media, encompasses a wide variety of disciplines, starting from the basic perspectives of the field of Mass Media and Communication and moving on to explore each area of the discipline through broad exposure to industry and practical assignments, along with added emphasis on media research methods. The focus is on analytical and historical perspectives. The program develops in students the ability to assess the roles and effects of mass media on society and life, and helps them gain specific media production skills through extensive practical work. The program starts by developing a fundamental understanding of the subject in students by teaching them about the history, values and structure of mass communication in Pakistan and abroad. The foremost objective was to provide students with an opportunity to equip themselves with a blend of skills and knowledge to meet challenges in the national and international arenas. The Department of Mass Communication and Media prepares its students to be effective, skilled, and ethical communicators and citizens in a globalized world. Students are encouraged to appreciate their own culture and to positively interact with people of all cultures. The Department provides its students with ample opportunities to interact with and to learn from scholars/teachers and professionals who will get them ready for a fast-changing, diversified, and billowing media landscape.

DEPARTMENT OF HISTORY AND HERITAGE

INTRODUCTION

The Department of History and Heritage Studies was established in August 2025. It is devoted to the study, interpretation and preservation of human experiences across time and space. Recognizing history as the discipline that examines the actions, achievements, and transformations of human societies, the Department provides students with a comprehensive understanding of past civilizations, cultures, institutions, and historical processes. Through the study of temporal and spatial dimensions, it seeks to develop critical thinking, analytical skills, and an informed understanding of the historical forces that have shaped the contemporary world.

The Department offers a broad-based curriculum encompassing the core areas of History, Historiography, Philosophy of History, Research Methodology, and Heritage Studies, as well as the study of social, cultural, political, economic, geographical, and religious developments. It is committed to promote interdisciplinary learning by exploring the dynamic relationship between history and other social sciences, recognizing that the study of human societies benefits from multiple perspectives and approaches.

In addition to imparting historical knowledge, the Department emphasizes the preservation, documentation, and interpretation of cultural heritage. It envisions expanding its academic offerings to include specialized fields such as History of Art, History of Architecture, Design History, and Archival Studies, thereby responding to emerging academic and professional needs.

The Department is dedicated to fostering a culture of academic excellence, objectivity, intellectual curiosity, and evidence-based inquiry. Through quality teaching, research, seminars, study circles, and scholarly activities, it strives to produce graduates who are capable of conducting rigorous research, preserving cultural heritage, and contributing meaningfully to society. By drawing lessons from the past and applying them to contemporary challenges, the Department aims to nurture responsible citizens, competent researchers, and future leaders in the fields of History and Heritage Studies.

FACULTY OF COMPUTING & INFORMATION TECHNOLOGY

INTRODUCTION

The Faculty of Computing & Information Technology at the University of Narowal is committed to excellence in computing education, research, innovation, and technological advancement. Through its constituent departments, the Faculty provides high-quality academic programs that equip students with strong theoretical foundations, practical skills, and research capabilities in computing and emerging technologies. With experienced faculty, modern laboratories, industry-oriented learning, and a focus on innovation, the Faculty prepares graduates for successful careers in software development, artificial intelligence, data science, cybersecurity, networking, information technology, academia, research, entrepreneurship, and the digital industry while contributing to technological progress and the University's vision of academic excellence.

DEPARTMENT OF COMPUTER SCIENCE

INTRODUCTION

In this modern era of the information age, the field of computing is advancing at an ultrahigh speed. With the recent advancements in different areas of computing e.g. Internet of Things, Big Data, Cloud Computing, Computer Vision, Cyber Security, although there has been a growing demand to excel in these particular areas, however, the importance of having a strong foundation of the core principles of computing also has more attention. The need to build the core competency in the area of a foundation of computing, the underlying hardware and software platforms, programming interfaces, complex algorithms, trends in user interface designs, and the emergence of new businesses, has increased.

FACULTY OF FOOD & NUTRITION

INTRODUCTION

The Faculty of Food & Nutrition at the University of Narowal is dedicated to excellence in education, research, innovation, and community engagement. Through its constituent departments—the Department of Food Science & Technology and the Department of Physical Education & Sports Sciences—the Faculty offers interdisciplinary academic programs that promote healthy living, food quality and safety, nutrition, physical fitness, and human performance. With experienced faculty, modern teaching practices, and research-driven learning, the Faculty equips students with the knowledge, practical skills, and professional competencies required for successful careers in the food industry, health and wellness, sports sciences, education, research, and public service while contributing to sustainable development and the University's vision of academic excellence.

DEPARTMENT OF FOOD SCIENCE & TECHNOLOGY

INTRODUCTION

The Department of Food Science and Technology at University of Narowal is committed to excellence in education, research, innovation, and community service in the field of food sciences. Since its establishment, the department has emerged as a dynamic center of learning, equipped with highly qualified and competitive doctoral faculty members who are dedicated to preparing future professionals for the rapidly evolving food industry.

Currently, the department offers BS (Hons.) Food Science and Technology and Master's in Food Technology programs. We intend to offer a BS (Hons.) Human Nutrition and Dietetics, reflecting its continuous growth and commitment to addressing contemporary nutritional and public health challenges. We will also offer a PHD program in the field of food science and technology.

Departmental Activities

The Department strongly emphasizes experiential learning and practical exposure alongside academic excellence. To nurture creativity, innovation, and professional skills among students, numerous academic and co-curricular activities are organized throughout the year. One of the department's flagship events, the Food Festival and Innovative Food Products Development Competition, received widespread appreciation from students, faculty, and visitors. The event showcased students' creativity through the development of innovative food products, with awards presented to the top three teams to encourage excellence and innovation. Promoting awareness of current food and health issues, the department also successfully organized a Poster Competition focusing on Disease Management through Diet Therapy and Food Waste Management

Strategies. Students actively participated by presenting innovative ideas and practical solutions, while outstanding participants were recognized through merit awards.

Recognizing the importance of food safety and quality assurance in modern food systems, the department regularly conducts professional training sessions on internationally recognized standards and systems, including HACCP and ISO 22000:2005. These trainings provide students with valuable practical knowledge and industry-oriented skills, helping bridge the gap between academic learning and professional practice.

A significant Memorandum of Understanding (MoU) signed today between the Department of Food Science and Technology, University of Narowal, and Lahore

Medical Research Center (LMRC), fostered under the visionary leadership of the Worthy Vice Chancellor. This partnership aims to bridge the gap between food science and clinical research, focusing on collaborative research projects, student training, and developing nutritious food products to enhance community health. The ceremony marked a strategic move toward enhancing academic excellence and interdisciplinary innovation.

With a vision to produce competent food scientists, nutrition professionals, researchers, and industry leaders, the Department of Food Science and Technology continues to expand its academic horizons and develop innovative initiatives. Through its dedicated faculty, modern educational approach, and commitment to practical learning, the department strives to contribute significantly to food security, public health, and sustainable development at national and international levels.

FACULTY OF ARTS AND DESIGN

INTRODUCTION

The Faculty of Art & Design at the University of Narowal is dedicated to excellence in creative education, artistic expression, innovation, and design research. Through its constituent departments, the Faculty provides high-quality academic programs that foster creativity, critical thinking, technical expertise, and professional skills in art, design, and visual communication. With experienced faculty, studio-based learning, contemporary design practices, and research-driven education, the Faculty prepares graduates for successful careers in fine arts, graphic design, digital media, creative industries, education, entrepreneurship, and cultural organizations while contributing to the University's vision of academic excellence and cultural enrichment.

DEPARTMENT OF FINE ARTS

INTRODUCTION

The Department of Fine Arts in the University of Narowal is one of Pakistan's leading institutions for art education. The subject of art encompasses various dimensions, ranging from aesthetic fulfillment and intellectual gratification to rewarding careers in art-related fields. The students enrolled in this department during their course of study become well equipped with the several possibilities that this multi-dimensional subject offers. They are provided with a congenial and supportive environment motivating them to polish and develop their personal and professional skills. With a strong support system and a vibrant faculty, a spirit of harmony and friendship is fostered amongst the student community which binds them to a life long association with their alma mater.

The top row contains two photographs: the left one shows a group of people, including a woman in a black hijab, looking at art displayed on easels outdoors; the right one shows a group of people in formal attire at an indoor art exhibition. The bottom row contains two photographs: the left one shows a large group of students and faculty members posing for a group photo outdoors; the right one is a portrait of Ms. Rehana Shareef, a woman wearing a light blue hijab and a dark blue jacket.

FACULTY OF BUSINESS & ECONOMICS

INTRODUCTION

The Faculty of Business & Economics at the University of Narowal is committed to excellence in business education, economic research, innovation, and professional development. Through its constituent departments, the Faculty offers high-quality academic programs that equip students with analytical, managerial, entrepreneurial, and leadership skills to address the challenges of today's dynamic business environment. With experienced faculty, industry-oriented curricula, experiential learning, and research-driven teaching, the Faculty prepares graduates for successful careers in business, finance, banking, economics, entrepreneurship, public administration, academia, and the corporate sector while contributing to sustainable economic growth and the University's vision of academic excellence.

DEPARTMENT OF MANAGEMENT & ADMINISTRATIVE SCIENCES

INTRODUCTION

The Department of Management & Administrative Sciences is not simply a place of business education—it is a deliberately constructed environment where analytical thinking, ethical reasoning, and practical capability converge. Since our establishment in 2018, we have set out to create something distinct: a department that refuses to separate the rigour of scholarship from the realities of professional life, and that holds its graduates to a standard not merely of competence, but of character.

Our mission is precise and purposeful: to produce graduates who systematically solve complex organizational problems while serving as responsible members of society. Effective management, in our view, is neither abstract nor value-free. It demands rigorous analysis, sound judgment under pressure, and a deep sense of accountability—to organizations, to communities, and to the ethical standards that define enduring leadership.

"Theory meets practice. Research informs action. Students are challenged to think beyond conventional boundaries."

This philosophy is not incidental to what we do—it is foundational. Every programme we offer, every course we design, and every interaction between faculty and student reflects our conviction that the best business education is one that prepares people not just to succeed in their first role, but to grow, adapt, and lead across an entire career.

DEPARTMENT OF ECONOMICS

INTRODUCTION

The Department of Economics is dedicated to excellence in teaching, research, and community engagement. The department provides students with a comprehensive understanding of economic theories, quantitative methods, and policy analysis required to address contemporary economic challenges at local, national, and global levels. Our academic programs are designed to develop analytical thinking, problem-solving abilities, and evidence-based decision-making skills. The curriculum combines theoretical foundations with practical applications in areas such as microeconomics, macroeconomics, econometrics, development economics, international trade, public finance, monetary economics, environmental economics, and economic policy analysis.

The department is committed to producing graduates who are capable of contributing effectively to government institutions, international organizations, financial institutions, research organizations, academia, and the private sector. Through rigorous coursework, research activities, seminars, and internships, students gain the knowledge and skills necessary to understand complex economic issues and formulate effective policy solutions.

FACULTY OF LANGUAGE & LINGUISTICS DEPARTMENT OF ENGLISH

INTRODUCTION

The Faculty of Languages & Linguistics at the University of Narowal is committed to excellence in language education, linguistic research, literary studies, and cross-cultural communication. The Faculty provides a dynamic learning environment where students develop strong communication skills, critical thinking, research competence, and intercultural understanding. Through its constituent departments, the Faculty offers quality academic programs that combine theoretical knowledge with practical application and research-based learning. With experienced faculty members and student-centered teaching practices, it prepares graduates for successful careers in education, research, media, translation, public service, and related professions while contributing to the University's mission of academic excellence and societal development.

DEPARTMENT OF ENGLISH

INTRODUCTION

Language is intrinsically ideological, requiring an inquisitive mind and appropriate knowledge for its understanding. The Department of English at the University of Narowal aims to equip students with knowledge of language, introduce them to the aesthetics of literary studies, and instil an interest in research. The Department offers a wide array of subjects that not only cultivate the spirit of learning and exploration but also provide students with a multidimensional worldview that inspires lifelong habits of critical thinking and compassionate understanding required for a wholesome existence. While linguistic studies deal with the contours of communicative media, literature caters to an instinctive understanding of life, encompassing channelled arrays of cross-disciplinary concepts related to social, psychological and historical understanding, thus creating a sufficiently compact knowledge base. This corresponds to our overall mission of equipping students with the art of living. Moreover, our faculty is constantly striving to produce pertinent and productive research both in language and literature. We urge our scholars to invest in emerging research trends and unique fields of study.

اردو ڈیپارٹمنٹ

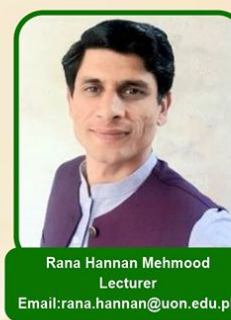

INTRODUCTION

The Department of Urdu at the University of Narowal was established in 2020. -Within a short span of time, the department has emerged as a vibrant center of teaching, research, and literary activities. Three batches of BS Urdu students have successfully graduated from the department, while the first batch of MPhil Urdu completed its degree in 2024. The department is staffed by qualified, experienced, and research-oriented faculty members who play a significant role in the intellectual and academic development of students.

Alongside academic excellence, the department places strong emphasis on co-curricular and literary activities. To nurture the creative, literary, and research potential of students, literary gatherings, seminars, panel discussions, and academic events are organized on a regular basis. In 2026, the department arranged a unique pictorial exhibition based on renowned Urdu verses, which received wide appreciation from students, faculty members, and literary enthusiasts. Furthermore, educational tours to literary and cultural institutions are regularly organized to broaden students' academic exposure and enrich their literary interests. The Department of Urdu remains committed to providing quality education, promoting research culture, and cultivating literary appreciation among its students.

Faculty of Pharmacy

The Faculty of Pharmacy at the University of Narowal is committed to excellence in pharmaceutical education, research, innovation, and healthcare. Through its academic programs, the Faculty equips students with comprehensive knowledge of pharmaceutical sciences, clinical practice, drug development, and patient care while fostering ethical values and professional competence. With experienced faculty, modern laboratories, experiential learning, and research-driven education, the Faculty prepares graduates for successful careers in the pharmaceutical industry, hospitals, community pharmacies, research institutions, regulatory organizations, academia, and public health, contributing to improved healthcare and the University's vision of academic excellence.

DEPARTMENT OF Pharmacy

Introduction

The Department of Pharmacy at the University of Narowal was established in 2025 with the vision of providing quality pharmaceutical education, advancing research, and contributing to improved healthcare services in the region. As a public sector institution, the department is committed to making professional pharmacy education accessible to students from Narowal and neighboring underserved areas, thereby fostering academic excellence and professional development within the healthcare sector.

The Department is recognized and approved by the Pharmacy Council of Pakistan under the Pharmacy Act, 1967, and operates in accordance with the standards and guidelines prescribed by national regulatory and accreditation bodies. Through a student-centered learning environment, the department seeks to develop competent pharmacists equipped with the knowledge, skills, and ethical values required to address contemporary healthcare challenges.

Pharmacy is a rapidly evolving and multidisciplinary profession that bridges pharmaceutical sciences, clinical practice, healthcare management, and patient care. Recognizing the growing role of pharmacists in modern healthcare systems, the Department of Pharmacy offers a comprehensive academic framework that integrates foundational sciences with practical and clinical training. The curriculum is designed in line with national educational standards and contemporary international trends to ensure that graduates remain competitive and responsive to the changing demands of the profession.

The department is equipped with state-of-the-art laboratories, advanced teaching facilities, modern scientific equipment, and research resources that support experiential learning, innovation, and scientific inquiry. Students are provided opportunities to engage in academic, professional, and research activities across various disciplines of pharmaceutical sciences, including pharmaceutics, pharmacology, pharmaceutical chemistry, pharmacognosy, clinical pharmacy, and pharmacy practice. The department is further strengthened by a highly qualified and dedicated faculty, including foreign qualified academicians and researchers, who bring international exposure, contemporary expertise, and a strong commitment to teaching, mentorship, and scholarly excellence.

Through strong collaboration with healthcare institutions, regulatory authorities, and the pharmaceutical industry, the Department aims to bridge the gap between academia and professional practice. The department is dedicated to promoting rational drug use, patient safety, evidence-based healthcare, and community service while encouraging innovation and research that address local, national, and global healthcare needs.

By nurturing highly skilled, ethical, and socially responsible pharmacists, the Department of Pharmacy at the University of Narowal aspires to contribute significantly to the advancement of healthcare, pharmaceutical sciences, and public well-being at both national and international levels.

GENERAL ACADEMIC REGULATIONS

SECTION 1: SEMESTER RULES & REGULATIONS

1.1 Semester System Overview

- The University follows a Semester System with two regular semesters per academic year: Fall & Spring
- Each regular semester spans 16–18 weeks inclusive of examinations
- Summer semester (8 weeks) may be offered for failed/improvement courses; not considered a regular semester
- Medium of instruction and evaluation is English (except Urdu, Islamic Studies, and Oriental Learning faculties)
- Programs are offered in face-to-face mode; online/annual system qualifications are not eligible for migration

1.2 Program Duration

Program	Min. Duration	Max. Duration	Total Credit Hours
BS (4-Year)	8 Semesters (4 Years)	12 Semesters (6 Years)	124–148
M.Phil.	4 Semesters (2 Years)	6 Semesters (3 Years)	30 (24+6)
PhD	6 Semesters (3 Years)	14 Semesters (7 Years)	18 + Thesis

- Extendable by one year with Academic Council approval
- Extendable to 5 years in hardship cases
- Includes two extensions of one year each after the 5-year maximum

1.3 Course Load & Registration

- Students must enroll/register in each semester until completion of studies
Provisional registration through online module; fee challan generated and must be deposited as per Academic Calendar
- Failure to deposit fee within specified time = provisional registration removed; reregistration allowed with late fee surcharge on approval
Course registration on directed studies/supervision basis is NOT allowed at postgraduate level
- Students admitted to a program shall NOT be allowed to change program; fresh application required after discontinuation
- Program-wise Course Load:
BS (4-Year): 15–18 CH per semester; Max 22 CH (including repeat/improve)
- M.Phil.: Max 12 CH per semester
PhD: 6–9 CH per semester; Max 12 CH in final coursework semester

1.4 Add/Drop/Withdrawal

- Add/Drop permitted within first 1–2 lecture weeks (with HOD/Chairperson/DRC consent) without affecting workload requirements

- Withdrawal allowed before mid-term examinations; 'W' grade appears on transcript. Withdrawal must not affect required workload or defined scheme of studies
- Changes/drops/withdrawals can only be made if they do not affect conditions of required workload

1.5 Repeating Courses / Improvement of CGPA

- Failed courses (below passing marks) must be repeated whenever offered in subsequent semester(s)
- Higher grade obtained in repeat attempts will be considered as final grade
- If a new course is taken in lieu of a failed course, both grades reflect on transcript
- CGPA improvement recorded with '(Imp)' on transcript where applicable
- Students may repeat lowest-graded courses to improve CGPA to minimum required level (subject to program rules)

1.6 Attendance Policy

- Students must attend all classes, laboratories, tutorials, and complete all assignments
- Attendance calculation starts from date of commencement of classes
- Minimum 75% attendance required in each course/laboratory to be eligible for final examination
- Less than 75% attendance = dropped from the course; must repeat when offered again
- Vice Chancellor may exempt maximum 10% attendance in exceptional/hardship cases on recommendation of concerned authority

All semester activities must be uploaded in LMS/CMS account timely: Class Attendance (weekly), Assignments/Quizzes (within one week), Midterm marks (within two weeks)

1.7 Semester Freeze Policy

- Freezing of studies in first semester is NOT allowed in any circumstances
- Semester freeze permitted before commencement or before mid-term exams on medical/justifiable grounds ☐ Total degree duration is NOT affected by freezing
- No refund of semester fee during freeze period; frozen courses must be re-registered in next same semester ☐ Facility available only ONCE during the entire degree program (exceptional cases for first semester require VC approval)
- During freeze, student loses studentship status and all regular privileges (hostel, transport, medical, library, etc.)
- Deferment of admission is NOT allowed

Fee for Semester Freeze (BS Programs):

- Within 15 days after commencement of classes: NO fee required
- After 15 days of commencement and after fee submission deadline: Rs. 5,000/-
- During semester (after course registration and fee submission): fee neither refunded nor adjusted

1.8 Discontinued / Semester Gap & Re-Joining

- Discontinuation in 1st Semester is NOT permissible
- If student fails to apply for freeze and does not register/attend for maximum two semesters (one year), may apply for rejoining as per Academic Calendar

Rejoining requires Chairperson/HOD ascertaining remaining semesters and coursework, with recommendations to Dean/Director Academics

- Rejoining status notified to all relevant offices for updating records and restoring facilities

1.9 Dropout & Re-Admission

- Dropout means student is considered unsuitable for further studies and dropped from the Program
- Minimum CGPA requirements to remain on rolls:
 - BS: CGPA $\geq$ 1.50 (each semester); 2.00 for degree completion
 - M.Phil.: CGPA $\geq$ 2.00 each semester; 2.50 for degree award
 - PhD: CGPA $\geq$ 3.00/4.00; below 3.00 = dropped, must apply for fresh admission ☐
- Dropped students may seek re-admission in subsequent semester (where applicable)

after depositing re-admission and semester fee

Re-admission option limited (BS: once in 4-year program; M.Phil./PhD: subject to program-specific rules)

Results/grades of dropped semester are NOT calculated in overall result; student must qualify all courses of dropped semester

1.10 Examinations & Evaluation

- Mid-term and Final-term examinations conducted as per UON Examination Policy and Academic Calendar
- Mid Semester Examination: conducted during 9th week of semester
- Final Examination: conducted at end of each semester covering whole prescribed course
- NO Supplementary/Special Examination in Semester System; failed/absent students must repeat the course
- Paper setting and marking by respective teachers; verified by Department Chairman/HOD before printing
- Course file maintenance is compulsory for all faculty members for one year after session completion

1.11 Grading System

Grade	Grade Points	Marks Obtained
A+	4.00	85 – 100%
A	3.70	80 – 84%
B+	3.40	75 – 79%
B	3.00	70 – 74%
B	2.50	65 – 69%
C+	2.00	60 – 64%
C	1.50	55 – 59%
D	1.00	50 – 54%
F	0.00	Below 50%
W	0.00	Withdraw
FR	0.00	Freeze

- $GPA = \frac{\text{Sum of (Course Credit Hours} \times \text{Grade Point Earned)}}{\text{Total Semester Credit Hours}}$
- $CGPA = \frac{\text{Sum of (Course Credit Hours} \times \text{Grade Point Earned) for all semesters}}{\text{Total Credit Hours taken in all semesters}}$

1.12 Passing Criteria

- BS: Minimum passing marks 50% (D Grade); Minimum CGPA 2.00 for degree completion
- M.Phil.: Minimum passing marks 60% in each subject; Minimum CGPA 2.50/4.00 for degree award
- PhD: Minimum passing marks 70% (B Grade) per course; Minimum CGPA 3.00/4.00; Comprehensive Examination 70%
- Students must appear in both Mid Term and Final Term Examinations; failing to attain minimum marks = Fail grade and must repeat

SECTION 2: DISCIPLINARY MATTERS

2.1 Non-Eligibility for Admission

A candidate is NOT eligible for admission to any program if they have been:

- Rusticated or expelled by any University or College for misconduct
- Found guilty of using unfair means in examinations
- Convicted of any offense involving moral turpitude
- Previously admitted but ceased to be a student under UON regulations without formal withdrawal

2.2 Breach of Examination Rules (Unfair Means)

Following actions are regarded as Unfair Means and liable to strict penalties:

- Possession of Helping Material: Books, notes, papers, bags, mobile phones, calculators, palmtop computers, tape recorders, concealing notes on clothing/hands/shoes/pockets/wallets, or any material relating to the examination subject

- **Copying:** Copying from paper, book, notes, mobile phones, helping material; allowing another candidate to copy; exchanging answer books/extra sheets/question papers; making gestures to help solve paper
- Impersonation: Impersonating a valid candidate by forgery of documents (roll number slip, registration record) or disguise
- Physical Assault and Intimidation or Misbehaving: Assaulting or misbehaving with supervisory staff, university officers, officials, or other candidates
- Possession of Weapons: Firearms, daggers, knives, or other weapons that may cause injury
- Instigation for Walkout/Pen-Down Strike: Instigating others to stage walkout or pen-down strike
- False Statement/Forgery: Forging another person's signatures on attendance sheet or official documents

Identity/Appeal: Disclosing identity or making appeal to assessor in answer book

Influencing: Influencing or attempting to influence assessors, examiners, supervisory staff, or university employees directly or through relatives/guardians/friends

- Disobedience/Disturbance: Refusing to obey Centre Superintendent, changing seat/roll number, or creating disturbance
- Substituting the Answer Book: Substituting whole or part of answer book or continuation sheet not duly issued
- Taking out/Tearing off Answer Sheet: Taking out or tearing off answer book/pages/continuation sheet from examination centre

Note: If a student is observed in any unfair activity, he/she will NOT be allowed to continue that paper and shall be expelled from the examination hall.

2.3 Penalties for Unfair Means

- Grade 'F' in the relevant paper; and/or Cancellation of relevant paper
- Maximum fine up to Rs.10,000/- per paper
- Holdup for a specific time period
- Suspension from the Program Expulsion from the University
- Cancellation of registration and debarment from admission to any program in any University of Pakistan (in severe cases)

2.4 Unfair Means Committee (UMC) & Appeals

- Committee of three (03) teachers of different disciplines constituted by Vice Chancellor on Controller of Examinations recommendation; term: Two years
- Committee decides UMC cases with simple majority; final decision implemented by Controller of Examinations
- No punishment imposed unless student given reasonable opportunity to show cause Vice Chancellor may provisionally award suitable punishment in emergency; case referred to UMC Committee for proceedings
- Candidate may appeal in writing to Vice Chancellor within 10 days of receipt of UMC decision along with prescribed fee (Rs.1,000)
- Appellate Committee comprises two (02) or more members appointed by Vice Chancellor (other than UMC members who dealt with the case); VC or nominee is Convener

2.5 Plagiarism Policy

- Permissible plagiarism/similarity index: 19% (with no more than 5% from a single source)
- AI content percentage must not exceed 20% Supervisor is responsible for checking plagiarism, similarity index, and AI content before submission
- Special Plagiarism Committee (approved by Vice Chancellor) investigates suspected cases
- If plagiarism is proved: Candidature CANCELLED; student debarred from admission to any program in any University of Pakistan; disciplinary action initiated by QEC
- If plagiarism is proved after degree award, the degree will be cancelled/withdrawn retrospectively

2.6 Thesis & Research Misconduct

- Thesis must be a distinct contribution to knowledge with evidence of originality Supervisor must certify accuracy of thesis contents
- Research publication must be verified by QEC before viva voce examination Publication must be based on dissertation/thesis and not plagiarized
- First author must be the student/researcher; co-authors limited to supervisory committee only (as approved in synopsis)
- Close relatives of the scholar cannot be supervisor or examiner

2.7 Cancellation of Registration / Enrolment

- Registration shall be cancelled if a student earns two consecutive adverse reports from the supervisor (M.Phil./PhD)
- If student fails to attend any lecture during first four weeks after commencement of semester, enrolment is seized automatically without notification (BS)
- If student does not re-join within one year, admission is cancelled automatically
- Registration cancelled if student remains absent or leaves program without prior permission
- Registration cancelled if student fails to complete course work within stipulated time
- Registration cancelled if student exceeds maximum permissible time duration for the degree
- Registration cancelled if student is found guilty of misconduct or use of unfair means
- Registration cancelled if student is proved to have submitted a plagiarized thesis/dissertation
- Registration cancelled if student does not qualify Viva Voce even after permitted attempts (M.Phil./PhD)

2.8 Student Grievances

Five (05) member Committee: 02 senior faculty members, relevant HOD, Dean/Director Academics, headed by Controller of Examinations

Grievance application must be submitted in writing to Chairman/HOD/Officer Incharge within 7 working days of receipt of grade

Committee must hear both sides and give final decision within 5 working days or before start of registration for new semester, whichever comes earlier

Committee's decision deemed final and binding on all parties

An aggrieved student may file an appeal to the Vice Chancellor within 30 days; the VC shall provide a personal hearing, and the decision shall be final

Departmental Committee checks randomly selected answer papers for uniformity of scoring and covering of course content

2.9 Re-Checking of Examination Script

Answer book shall NOT be re-assessed under any circumstances

Re-checking allowed if student not satisfied; must apply in writing within one month of result notification on payment of prescribed fee per course

Re-checking ensures: totals correctly brought forward; no mistake in grand total; no portion left un-marked; answer book not changed

Candidate has NO right to see or examine answer books

☒ Marks may even decrease; if reduced, record corrected and revised transcript issued

2.10 Damaged/Lost Answer Script

- Average marks awarded in that subject/course
- Or student may take examination in next examination with no fee charged

2.11 Award of Medals

General Conditions:

- Medals/Prizes/Rolls of Honor awarded to students passing examinations in first attempt
- Positions given on basis of CGPA; in case of tie, decided on percentage among tied students only

No position awarded where number of students is less than 10

- Candidates who discontinued/ceased on roll/migrated from other institution/improved CGPA/obtained extensions are NOT eligible

- Award subject to good conduct and behavior certified by concerned

Dean/Director/Principal

Candidate must fulfill ALL conditions simultaneously; failure to fulfill any condition = ineligible, medal NOT transferred to next student Gold Medal:

- Highest CGPA > 3.75 (BS: C or higher in all courses; M.Phil./PhD: B or higher in all courses)
- Passed each course in first attempt
- Completed all requirements during minimum prescribed period
- Thesis submitted and accepted in first attempt (M.Phil./PhD); Viva Voce passed in first attempt (M.Phil./PhD)

- Silver Medal (BS 4-Year Program only):
- Second highest CGPA > 3.50
- Passed each course in first attempt
- Obtained C or higher grades in all courses
- Completed all requirements during the minimum prescribed period

2.12 Permission of Writer for Special Students

- Visually impaired students may attempt Mid/Final Examinations on Braille/Computer/other facilitation means
- Physically handicapped/visually impaired students may apply to
- Chairperson/HOD/Officer In-charge (with medical certificate) for writer permission two weeks before examinations
- Extra time: 45 minutes (maximum) allowed
- Writer qualification: at least one step lower than student (e.g., for Level 6 student, writer maximum Level 5)
- Writer provided to injured examinee; future permissions granted on case-to-case basis by Competent Authority
- 2.13 Course File Requirements
- Maintaining Course File is compulsory for all faculty members
- Must contain complete record of every activity during the course for one year after session completion

Contents: Course Code and Title; Description of Course/Learning Outcomes; Course syllabus and changes over 3 semesters; Weekly Teaching Schedule; Dates of MidSemester Examination; Grading Policy; Copy of each Homework Assignment and Quiz; Copy of Question Papers for Mid and Final Examinations; Grading Sheets with statistical data; Difficulties/Problems faced during delivery

2.13 Course File Requirements

- Maintaining Course File is compulsory for all faculty members
- Must contain complete record of every activity during the course for one year after session completion Contents: Course Code and Title; Description of Course/Learning Outcomes; Course syllabus and changes over 3 semesters; Weekly Teaching Schedule; Dates of MidSemester Examination; Grading Policy; Copy of each Homework Assignment and Quiz; Copy of Question Papers for Mid and Final Examinations; Grading Sheets with statistical data; Difficulties/Problems faced during delivery

2.14 Migration / Transfer of Credit

- Applications invited annually; advertised on UON website with deadline (usually end of July); no applications entertained after deadline
- Migration allowed from same status institute and system only; Annual/Online mode
- NOT eligible for Face-to-Face Semester System
- Main campus to main campus, affiliated college to affiliated college, sub campus to sub campus only
- Migration to two-year undergraduate degree program NOT allowed
- Migration allowed in 3rd and 5th semester only for undergraduate programs
- Minimum half of normal duration and credit hours must be completed at UON
- Candidate must have CGPA not less than 2.00 with no failed subjects from last institute
- Evening to morning program transfer NOT eligible; Vice Chancellor may approve in exceptional cases with evening fee charged
- Intra-UON migrations do not require FEC evaluation; written application and NOC required

HOW TO APPLY ONLINE FOR ADMISSION

Step-by-Step Procedure

Step 1

Visit the University website: <https://admissions.uon.edu.pk/application/index.php>

Step 2

Create your account

Step 3

Fill out the admission application form.

Step 4

Generate the bank challan online and deposit the fee at the designated booth of the Bank of Punjab at the university campus, or at any Bank of Punjab (BOP) Branch, or through the Banking App and Mobile Accounts

Step 5

Pay the Admission Processing Fee in any branch of Bank of Punjab (BOP):

- Rs. 1,000 per program
- Additional Rs. 1,000 for each extra program
- Additional Rs. 1,000 for applying under any quota

Step 6

Upload the paid challan copy on the admission portal.

Step 7

Only selected candidates will be required to submit hard copies of admission forms and supporting documents to the Admission Office.
